| <b>Decision :</b><br>The Committee considered the case as per agenda and decided to issue deficiency letter to the authorization holder for submission of the following information and deferred the case:- |                                |                                 |                                           |                  |

- a) Technical descriptions/specifications, percentage composition (by weight) of the products to be exported.
- b) Detailed manufacturing process along with technical justification for wastages claimed at each stage and each of the materials required in the manufacturing process.
- c) Chemical name, Technical specifications of items proposed to be imported.
- d) Whether the scrap generated in the process is being reused or not. If not the technical justification for its non-use may be furnished. If the scrap is being sold, the sale value/commercial value may be indicated.
- e) Material balance indicating calculative statement of the requirement of each of item for manufacture of each of export product.

**Decision :** The Committee considered the case as per agenda and decided to issue deficiency letter to the authorization holder for submission of the following information and deferred the case:-

- 231
- Technical descriptions/specifications, percentage composition (by weight) of the products to be exported.
  - Detailed manufacturing process along with technical justification for wastages claimed at each stage and each of the materials required in the manufacturing process.
  - Chemical name, Technical specifications of items proposed to be imported.
  - Whether the scrap generated in the process is being reused or not. If not the technical justification for its non-use may be furnished. If the scrap is being sold, the sale value/commercial value may be indicated.
  - Material balance indicating calculative statement of the requirement of each of item for manufacture of each of export product.
  - Details of indigenous input
  - Wastage at each stage of manufacturing

**Meeting ended with a vote of thanks to the Chair.**
