With reference to your deficiency as on Dt.03.04.2019, we would like to state as below:

1. **Size of Export Product:** we are enclosing herewith Calculation sheet for the same.
2. **Sl. No.12 of Standard Deficiency format: Cross Sectional Diagram of export product with calculation of raw material requirement and the weight of the Cable in Kg. per Km. Copy of relevant National/International Standard/buyer's data sheet may also be furnished:** we are enclosing herewith.
3. **Specific use of Import Item No.3:** This cross-linking catalyst master batch is made on a polyolefin matrix, with the presence of a mix of antioxidants, and a metal deactivator. All these additives protect polymers from oxidative damage and ensure long term properties of the finished cross-linked compound.

We request to consider the clarification and fixed Norms against the above said Advance Authorisation and oblige.

Yours faithfully,
