RLA No.: 07/24/040/00092/AM15		
Decision: In continuation to Meeting No. 12/80 dated 09.10.2019, the Committee considered the case as per the agenda and noted that the case was rejected in Meeting No. 11/80 dated 01.09.2015 due to non-submission reply of deficiency letter as raised by DHI.		
Thereafter, the firm represented against the rejection and requested for a review. The case was again considered and deferred in Meeting no. 11/19 dated 06.12.2018 with following decision:		
<i>“The Committee noted that a personal hearing was already given to the firm on 06.12.2018. In the personal hearing the firm informed the committee that it has taken various AA’s for supply of 33 rail/tramway coaches. Further, firm stated that it has taken an additional license for supplementary material required for these very 33 rail/tramway coaches. However, it has an additional export obligation of another 33 rail/tramway coaches in this license. The Committee observed that the given submission is not tenable. The committee decided to seek a detailed report from the concerned RA regarding of all such licenses issued to the firm, admissibility and current status.”</i>		
In response to Norm Committee’s e-mail dated 23.04.2019, Addl. DGFT Bangalore informed that firm has obtained several license, which are pending for the wants of norms and also informed about a letter from ECA-II, DGFT, New Delhi seeking information regarding alleged corrupt practices followed by M/s Alstom Transport India.		
In this matter, the committee noted that the firm had approach the Policy Relaxation Committee (PRC) and the matter was taken up vide Meeting No. 17/AM20 held on 27.08.2019. The PRC noted the submissions by the firm as under:		
<i>“They have stated that initially, 7 Advance Authorizations were applied for duty free import of inputs required for the manufacture and supply of 33 Metro Train sets to Chennai Metro Rail Limited being a deemed export project. ATIL sought amendment in all 7 Advance Authorizations to include residual</i>		

items that were required to manufacture the 33 Train sets but the request was rejected citing technical reasons by RA. Thereupon, ATIL was compelled to apply for additional Advance Authorization No.0710105249 dated 20.06.2014 for importing residual inputs that were missed out and not covered under earlier 7 Advance Authorizations. Acquisition of Alstom India limited who was the manufacturer of key sub-assemblies also lead to inclusion of components required for manufacture of sub-assemblies in the captioned Advance Authorization. However, while applying for the said Advance Authorization (8th AA), export obligation of 33 Metro Train sets was declared inadvertently, as the system did not allow the applicant to apply for a new license unless the export obligation was declared. In fact, there is no separate EO under the Advance Authorization No.0710105249 dated 20.06.2014 as all imported inputs were used for manufacture of 33 train sets declared under previous 7 Advance licenses. The Advance Authorization No.0710105249 dated 20.06.2014 under which parts required for manufacture of 33 Metro Trains have been imported has been issued after 22 months from the date of earliest Advance Authorization in the clubbing set. Hence, request is to treat the supplies of 33 Train sets to the Metro Project supplied against Advance Authorizations as one and to discharge the EO. “

The policy relaxation committee vide PRC Meeting No. 17/AM20 dated 27.08.2019 gave the following decision in the matter:

“Decision: The Committee heard the submission made by the firm and discussed the matter at length and decided to relax the conditions as laid down in Para 4.38 (vi), (vii) and (xii) of HBP 2015-20 as amended vide Public Notice No.70/2015-20 dated 30.01.2019 for clubbing of eight Advance Authorizations No.(i)0710090351 dated 21.08.2012, (ii)0710090531 dated 31.08.2012, (iii)0710095554 dated 23.05.2013, (iv)0710096369 dated 02.07.2013, (v)0710096370 dated 02.07.2013, (vi)0710099232 dated 28.10.2013 and (vii)0710101246 dated 10.01.2014 and (viii) 0710105249 dated 20.06.2014. It is subject to verification that amendments request of the firm made in the AAs was rejected by the RA, as claimed by the firm and all inputs imported in the 8 AAs are fully accounted for in the supplies. The other terms and conditions for clubbing shall remain same as per policy/HBP provisions. The firm shall approach RA within 30 days from the date of uploading of the minutes of meeting.”

This Committee observed that the PRC has clubbed all the eight authorizations for imports and export purposes. Export obligation of AA No. 0710105249 dt. 20.06.2014 would remain as it is even after clubbing. Hence, the Committee in its Meeting No. 10/80 dated 11.09.2019, asked the firm to furnish following information:

1. To provide detailed statement to account for the inputs in the export products against this license.
2. Relevant technical drawings and wastage details may be provided in relevant formats for examination by the technical authorities for the purpose of fixation of norms.

And also sought clarification from the PRC cell on 05.11.2019 regarding the export obligation of the eighth authorization if it would run concurrently with the export obligation of the first seven authorizations.

PRC in its meeting no. 23/AM20 dt. 03.12.2019, decided as follows:

“The committee reviewed the case and observed that request of the firm and minutes recorded in the earlier PRC decision were very clear. It reiterated that in view of the submission made by the firm, all the above 8 advance authorizations need to be clubbed for imports and exports purposes wherein export obligation of the 8th advance authorization no. 0710105249 dt. 20.06.2014 be treated as NIL as its EO is subsumed in the export obligation of the other 7 advance authorizations taken together. The firm shall

approach RA within 30 days from the date of uploading of the minutes of meeting for clubbing.”

The Committee noted in its Meeting No. 18/80 dated 02.01.2020 that the firm’s reply dated 06.11.2019 forwarded to DHI on 02.12.2019 for examination of the case and again it was asked to the firm to furnish following information:

1. Specific use of items imported under the eighth authorization vis-a-vis those imported under other seven authorizations.

The Committee considered the case and noted that the deficiency letter is being sent to the firm.
