Subject: - M/s ISGEC Heavy Engineering Limited- A.A No. 0510394195 dated.11.05.2015
Reference: - DGFT F. No. 01/80/050/00076/AM-19/DES-1

DGFT(DES-1) may kindly refer to their e-mail dated 1st June 2020 forwarding the firm's application for the enhancement in the quantity of welding consumables for welding of forgings like forged Shell etc., as per the thickness criteria.

Firm's application has been examined in this office and based on the justification furnished by them it is recommended that the earlier ratified norms for the above A.A. may be modified as under:

1. Quantity of import items at Sl.No.26 to 31 put together may be allowed as 7000 Kgs.
2. Quantity of import item at Sl.No.32 may be allowed as 7000 Kgs.
3. Quantity of import items at Sl.No.34 & 35 put may be allowed as 7000 Kgs.

Earlier the welding consumables for welding of forgings were allowed as 1% of their weight. But as the welding of forgings in this case like forged Shell etc. is at par with welding of steel plates, now the quantity of welding consumables for welding of forgings is being recommended based on the thickness of forgings to be welded.

Norms Committee may take a view.
