The applicant vide letters dated 06.05.2019 and 26.6.2019 had again raised the same issue. In M. No. 14/81dated 16.10.2019, the Committee noted that norms for the item had been approved by NC earlier. The Committee observed that main file of the applicant was not traceable and it was decided to defer the case for want of main file. ITC HS Code of export product in both the application also not matches. The case was considered in M. No. 20/81 dt. 08.01.2020. The complete set of application was referred to MSME on 24.02.2020. The case was last considered in M. No. 23/81 dt. 04.03.2020 and decided to remind MSME for expediting the comments. As per NC decision, reminder issued to MSME on 20.04.2020. The Committee noted that MSME via email dated 26.04.2020 requested to send again the complete set of application along with condition sheet and approval of NC decision for AA Nos. 0310791169 dated 18.11.2014 and 0310560499 dated 16.02.2010 and AA Nos. 0310664581 dated 14.11.2011 & 0310800027 dated 04.11.2015 to examine the case. Therefore, the Committee decided to send all the relevant documents to MSME as per their request. Complete application alongwith all relevant documents received from the applicant sent on 28.09.2020 to MSME for examination of the case.	The Committee considered the case as per agenda. MSME informed that the applicant had applied for licence with quantity equal to duty free import that was allowed in earlier ratifications. However, earlier norms were ratified with 25.20% wastage after 1/3 rd recovery from scrap and the subject licence was ratified with 17% wastage after taking 1/3 rd recovery. Hence, double recovery was considered while fixing the norms for the subject licence. Therefore, as per comments of MSME dated 05.10.2020, the Committee decided to revise the ad-hoc norms on repeat basis as approved for AA No. 0310800027 dated 04.11.2015 as under:	Approved

Dear Sir,

With ref to below matter we would like to inform your good office that Our RLA issued us Advance Authorization no. **3410045279 dated 11.07.2019** and against the same, we have imported material for export of our product, but due to some unexpected reasons the export order was cancelled.

Now, we have opted to make payment of duty with interest for imported material under the above mentioned Advance License. For the same we have applied to our RLA and already received duty deficiency letter, which will be further processed as per rules and regulations and advance license will be closed accordingly.

Due to above reasons there is no need for fixation of norms. Please note the same and update your records accordingly.

Regards,
