|    | Decision :In the light of written comments received from Petrochemical Division of Department of Chemicals and Petrochemicals vide their OM No. 14010/67/2011-CH-II dated 29.03.2015, it was decided to call from the firm the following technical details: |                                    |                                           |                                |

- Detailed manufacturing process along with balanced chemical reaction indicating number of moles of all the reactions, products and by-products with corresponding molecular Formulae, structural formulae, molecular weight and process flow diagram.
- Stage-wise percentage yield with respect of each of the reactants and products and the relevant justification enclosing therewith authentic printed technical literature in support of yield or quantity of items for import.

iii) Detail of by-products formed during the process and their recovery in terms of quantity and value.  
iv) Details of production of export product under reference and corresponding consumption of raw material in the year 2013-14 and 2014-15 (April to October) duly certified by CA may be furnished. If the production has not commenced in the past, the details from commencement of production may be furnished duly certified by CA.

The case was deferred for 20.05.2015

- ii) Stage-wise percentage yield with respect of each of the reactants and products and the relevant justification enclosing therewith authentic printed technical literature in support of yield or quantity of items for import.
- iii) Detail of by-products formed during the process and their recovery in terms of quantity and value.
- iv) Details of production of export product under reference and corresponding consumption of raw material in the year 2013-14 and 2014-15 (April to October) duly certified by CA may be furnished. If the production has not commenced in the past, the details from commencement of production may be furnished duly certified by CA.

The case was deferred for 29.04.2015

| <b>Decision :</b> In the light of written comments received from Petrochemical Division of Department of Chemicals and Petrochemicals vide their OM No. 14010/64/2011-CH-II dated 25.03.2015, it was decided to call from the firm the following technical details: <p>i) Detailed manufacturing process along with balanced chemical reaction indicating number of moles of all the reactions, products and by-products with corresponding molecular Formulae, structural formulae, molecular weight and process flow diagram.</p> <p>ii) Stage-wise percentage yield with respect of each of the reactants and products and the relevant justification enclosing therewith authentic printed technical literature in support of yield or quantity of items for import.</p> <p>iii) Detail of by-products formed during the process and their recovery in terms of quantity and value.</p> <p>iv) Details of production of export product under reference and corresponding consumption of raw material in the year 2013-14 and 2014-15 (April to October) duly certified by CA may be furnished. If the production has not commenced in the past, the details from commencement of production may be furnished duly certified by CA.</p> <p>The case was deferred for 29.04.2015</p> |                                    |                                           |                                       |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                    |                                           |                                       |
