| Decision: Committee considered case as per agenda and in consultation with technical authority present in the meeting it has been found that despite repeated reminders the Institute of Chemical Technology Mumbai, has not given their opinion as to whether the export product "4, 4 Diamino Sulfanilide " is manufactured only of purity 93% on commercial scale. Further, whether the product always contained 7% or more of impurities. It was also decided to remind the Department of C&PC to take appropriate action and furnish their comments as the case has been pending for long. |                                                               |
