The case of the firm was first considered in norms committee dated 04.03.2011 and decision was as under :-

The Committee deliberated this case in detail and felt that the export product simply indicated industrial solid tyres, whereas the firm intends to import Used Industrial Solid tyres, carrying out re-treading activity and then re-export the same. Committee felt that in case this kind of activity is to be allowed under Duty Exemption Scheme wherein duty free import is allowed, it would be more appropriate, if used tyres are imported first, re-treading activities carried out and then exported. However, it may not be possible to monitor the same. In view of this and the sensitivity involved in permitting duty free import of used tyres, Committee decided to reject the case.

Again considered in Norms Committee dated 19.09.2016:-

- The case has already been rejected by Norms Committee-7 in its meeting no. 46/Am11 held on 21.02.2011.*
- The decision of the meeting was conveyed to the firm and RLA, Chennai vide letter of even number dated 04.03.2011.*
- The minutes of the above meeting were also uploaded on DGFT website.*
- Firm has imported 137 MTs (between May, 2011 and May 2013), that is after rejection.*

Now, firm have again represented and submitted as under :-

They have imported **133.230 tones** of Used Industrial Solid Tyres (raw material) and exported all the tyres after Retreading (Refurbishing) and Net Quantity of Exports is **176.069 MT** (using new rubber). In this way they have obtained value addition 57%. They have referred DGFT and norms committee decision letter dated 04.03.2011, 12.07.2013 and 19.09.2016, wherein, Committee felt that in case of this kind of activity is to be allowed under duty exemption scheme wherein duty free import of allowed it would be more appropriate, if used tyres are imported first, re-treading activities carried out and then exported.

In this connection, they wish to inform that they have imported used tyres first, re-treaded and then carried out export and details of the same has been given in Annexure.

In continuation to their reply, they have further submitted a letter in R&I section of Department of Industrial Policy and Promotion dated 10.11.2017, saying that they would like to mention here that initially they had got an export order from foreign buyers and in order to complete their commitment, they made import of used solid tyre 133.23 MT and exported 176.069 MT after retreading. Being a reputed company (TVS group) and the sake of reputation of their company as well for the country, they completed the commitment. However, further they did not import and export further since Norms Committee had rejected their case and requested to ratify ad-hoc norms for regularization for this quantity only.

Actual Import Made (Item wise in %) :

Item of imports	Imports allowed	Actual import	%
Used Solid Tyre	1000	133.23	13.32 %
Natural Rubber	206	57.16	27.74 %
Carbon Black	125	20.80	16.64 %
Synthetic Rubber	39	16.80	43.08 %
