Case No.82	M/s. Microfiber Corporation Pvt. Ltd., Mumbai.
NC 07/16 dt. 21.05.2015	F.No. 01/84/50/239/AM-15/DES-V
Ratification of input output norms against Advance Authorisation No.0310788904 dated 09.09.2014.	

Decision: The Committee considered the case as per agenda alongwith other relevant papers and observed that the case was under examination of DC (MSME) / Office of Regional Textile Commissioner, Noida. The Committee also noted that the firm has represented against the NC decision dated 08.01.2015 and requested to visit their factory by a Team of Technical Officers, if so required, so that they can assess the total actual production wastage @ 18.38% which is genuinely justified. It is also noted that the processing flow chart is not submitted by the firm which required to calculate the quantity of inputs. In view of above, the Committee after deliberation decided to find out precedent, if available. If no precedent is available the firm may be asked to provide processing flow chart and other required documents to justify their higher wastage of 18.38% to Textile Commissioner Office (Shri B.B. Bharti, Jt. Textile Commissioner), Mumbai for further examination.
