The Committee observed that the weight of the export product given in the shipping bills is not matching with the actual weight of export product. During the personnel hearing in the NC meeting held on 12.09.2013, the representative of applicant firm has informed that net quantity of export product on shipping bill was mentioned on assumption basis, which was a mistake. The applicant firm has provided copies of shipping bills vide SB No.3608314/10/05/2011 & 3694143//17/05/2011 which shows style No.843879. Accordingly, the Committee considering the sketch, measurement of average size of particular style number of export product. As per style/sample of the garment, the front side of ladies blouse is made in two panels seamed together vertically from centre and have inbuilt tie, belt underneath of neckline, without any seam, which attracts more wastage of fabric as compared to normal garment, the consumption of import fabric computed at 2.47 sq. meter per piece and after deliberations decided to ratify the
