4. Following decisions were taken to expedite decision making in respect of pending applications for export and import authorizations:

4.1 All applications received till end of last month should be taken up in EFC meeting, that is applications received upto 31.01.2009 would be listed for February meeting. Agenda for the same would be sent during 25th to 30th January which may incorporate applications received till mid month, that is, 15.01.2009. Cases received in 2nd fortnight of month would be put up as additional agenda.

4.2 Additional agenda items must reflect changes occurring in the meanwhile, i.e. after circulation of original agenda and before date of meeting.

4.3 Final decisions would be taken in all applications received upto 30.11.2008 in February meeting. Therefore, Administrative Ministries / Departments are requested to expedite their comments.

4.4 In cases for import of items which are restricted under notification No.63 dated 21.11.2008 and No.64 dated 24.11.2008, applicants to give utilization certificate of licence, if any, already obtained for the same item.

4.5 All cases where concerned Departments have given NOC may be put up ex-post-facto to EFC. Processing should normally not take more than 3 working days by which time, letter of approval must be issued.

4.6 Cases in which no communication is received from Administrative Department in time, and where similar products have been approved in the past, may also be submitted alongwith such details of past approvals for both import & Export authorization for taking decision by EFC.

5. It was decided that letters may be issued in cases where DGHS has already issued query letter to the various firms under intimation to DGFT stating that necessary information requested by DGHS shall be furnished within 15 days of issue of letter. In case no reply is received within stipulated time period it would be presumed that the firm no longer require the export permission for clinical trial purpose and the case would be treated as closed.

6. Meeting ended with thanks to all participants.
