V General instructions for DEPB Rates

- After the existing Sub- Para (iii) of Para 11 , the following Sub-Para (iv) is added :

“ However, in case of export of blended textile product, if the content of one type of item is more than 95%, the DEPB rate of the blended item would carry the rate of that particular export item. However, where no constituent is 95% or more by weight of the blend, DEPB rate would be of product with the lowest of the rates of the product of the constituent (subject to the provisions contained in General Instruction No. 7 as stated above). For example, in made-ups of blend of cotton/Man Made Filament Yarn, the rate applicable would be that of made ups of the constituent with the lowest rate”.
